

Now you can get INSTANT access to your ISS job status!

Register today to use the ISS Job Tracker, and get instant access to real time data on the status of your projects. Stay up to date from receipt of the order through completion.

Access customer contact information and job history with one-click navigation on your smart phone or tablet.

You can also access your jobs on your PC through the Alside website. On the go or in your office – instant data is at your finger tips anytime, anywhere.

▶ **Less time on the phone and more time closing sales and growing your business!**

▶ **All of your ISS project information is now available at your fingertips!**

All your ISS jobs are organized in one location for quick access to job location, status, history and homeowner contact information. Call, text or email the homeowner with a simple click of the button. You can even get directions to the job location.

The ISS Job Tracker provides a detailed record of each phase of the project including scheduled appointments, phase updates, and email communication. Plus, all records contain a date and time stamp as well as who completed the task for each action. It even includes an “at-a-glance” list of all stages of the project indicating completion along with the date of completion.

The ISS Job Tracker will also allow us to provide you with monthly productivity reports validating ISS performance and areas of improvement for all parties involved. Our goal is to save you time and money...and a few headaches, too!

Visit our site for more information on how to register, download apps, and find answers to your questions and more or go to issupport.mygiddyup.com

Quick access to your ISS job status from your smart phone, tablet or PC.
