

Coventry Siding shown in Tuscan Clay (above).

From the first glance, you may be drawn to Coventry for its elegant appearance and handsomely crafted detail. Yet, it's also important to consider the siding's durability and strength. How will it hold up after years of exposure to strong winds, pounding rain, extreme temperatures and other harsh outdoor elements?

Performance-engineered for superb durability, Coventry incorporates essential design features to deliver outstanding protection for your home. Each panel is infused with rigidity and structural integrity to ensure crisp, smooth wall lines and a beautifully uniform appearance.

Reinforced rolled-top nailing hem.

Coventry's heavy-duty construction is fortified with a rolled-top nailing hem to provide an extra-strong wall attachment. This design enhancement increases the overall stability of the panel and anchors it firmly to the home's exterior walls. In laboratory tests conducted according to ASTM guidelines, Coventry achieved hurricane-velocity wind resistance.

Rigidity and strength.

Once it's installed, the finished look makes a substantial statement about the quality of your siding. With Coventry, wall lines will be straight with the panels lying neat and flat. The siding's rigid construction also helps to hide imperfections in the exterior walls, resulting in a truly refined appearance.

Coventry features a durable .042" panel thickness and five versatile profiles.

Versatile siding options.

Coventry offers a wide variety of options when designing your home's exterior. With five different profiles to choose from and a full selection of decorative trim and accessories, you can create exactly the look you desire. Choose from double 4" clapboard, double 4" dutch lap, double 5" clapboard, double 5" dutch lap and triple 3" clapboard in 15 inviting colors.

Add even greater distinction with Alside's Exterior Design System – a coordinated collection of easy-care trim products for every accent area.

Rooflines, corners, windows and door frames – some elements deserve special treatment. Enhancing these areas can give your home a custom finished look while letting your individual style shine through. Our Trimworks® collection of decorative trim and accents – along with shakes, scallops and other ornamental panels – makes it easy to achieve a flawless finish. All options are fully color-coordinated with Coventry siding.

Coventry
by Alside®
Premium Siding Systems

Exterior products of exceptional quality and value.

In Coventry, you have found the ideal exterior for your home. This handsomely crafted and versatile siding expertly combines the beautiful detail of natural wood with the easy-care luxury of premium vinyl.

Coventry Siding shown in Glacier White (above).

Today's vinyl siding is better than ever.

With innovative designs and advanced technology, today's vinyl siding is achieving new heights in style and performance. Luxurious color formulations and faithful reproductions of authentic woodgrains recreate the distinctive beauty of freshly painted wood while leaving the time-consuming maintenance behind. Featuring five exquisite profiles and a wide array of colors, Coventry by Alside® offers everything you need to create a home exterior of exceptional quality and value.

Coventry's low-gloss finish and natural cedar grain texture recreate the distinctive allure of freshly painted wood.

An exterior for your home that's as functional as it is beautiful.

While Coventry's warm and welcoming ambiance captures your attention, there's much more to this impressive siding that makes it an excellent choice for your home.

Coventry's solid vinyl construction is built to withstand almost anything Mother Nature can dish out. Each panel is solid vinyl color through and through, so it won't chip, flake and blister like painted surfaces and won't rot or warp due to moisture. Unlike metal sidings, Coventry resists denting from impact, maintaining an attractive finish that will stand the test of time.

Simple upkeep.

The annual chores of maintaining your home's exterior will be a thing of the past. With Coventry, there's no time-consuming upkeep that's often required with wood siding. Coventry will retain its fresh-looking appearance with very little effort – just an occasional rinse with your garden hose will remove most airborne dust and dirt.

An eco-friendly choice.

As a sustainable product with a long service life, vinyl siding is environmentally responsible in several ways. In addition to conserving wood and other natural resources often used for building materials, vinyl siding helps reduce the deposit of paint, stain and maintenance-related materials into the solid waste stream because it never needs to be painted.

Protecting your investment.

A home can be a substantial investment, as well as a source of personal pride. Upgrading your home with a beautiful, low-maintenance exterior not only will increase its curb appeal, but also can improve its resale value. For many people, an easy-care, durable exterior is an attractive amenity when purchasing a home.

Colors that bring your home to life.

From pristine Glacier White to warm Tuscan Clay, our ample color palette lets you create a color scheme that reflects your personal taste and lifestyle.

Glacier White	Antique Parchment
Natural Linen	Platinum Gray
Cape Cod Gray	Mystic Blue
Coastal Sage	Juniper Ridge
Adobe Cream	Colonial Ivory
Maple	Monterey Sand
Vintage Wicker	Tuscan Clay
Storm	

Note: Colors are as accurate as printing techniques allow. Make final color selections using actual vinyl samples.

ChromaTrue® ChromaTrue helps make Coventry better with ASA weatherable polymers which provide superior fade resistance and better performance on darker colors.

ColorConnect® Color Matching System.

When you find the perfect color, you want it just right. Our ColorConnect system will help you achieve a precise color-match for all the exterior products you choose. Siding, soffit, trim, fascia, accessories, rainware, gutter coil and trim coil are painstakingly produced in matching colors to ensure a beautiful finish for your home.

With ColorConnect, there's no need to worry about siding and trim that almost match. The exquisite color formulations are tested and true – all you have to do is choose!
