CREATE CUSTOM APPEAL WITH BOLD NEW COLORS

When it comes to exterior design, color is the key in achieving your customer's ideal finished look. The more color options, the easier it is to transform any home from basic to beautiful with eye-catching siding, trim and decorative accents.

Alside Board & Batten siding now features a new architectural color palette with deeper hues and greater design possibilities. For a dramatic effect, pair a darker siding such as Charcoal Smoke with trim colors in Storm or Deep Moss for tone-on-tone elegance. Or take the design in the opposite direction with lighter, contrasting accents in Antique Parchment or Cast Iron for crisp, defining lines. From classic to contemporary, urban or suburban – our extensive color palette delivers high-end quality and refined style.
