DARKER COLORS!**

Extra Length. Fewer Laps. Added Beauty.

EXTRA LENGTH. FEWER LAPS. ADDED BEAUTY.

We've made Charter Oak[®] premium vinyl siding even more appealing. By making it longer . . . almost 40 percent longer . . . 16' 8" to be exact. The new, longer length means fewer laps . . . offering a cleaner, more attractive look to the finished appearance of your projects.

Use it by itself, or for greatest cost-effectiveness, mix it with regular 12' 1" panels. It's the same advanced design that made Charter Oak a market leader, a preferred choice for new construction and remodeling projects. Plus, Charter Oak XL's added length enables faster, easier installations.

Charter Oak XL comes in an attractive oak grain texture and a choice of 4-1/2" clapboard or dutch lap profiles, as well as 26 popular colors.
