The New Standard in Quality Trim Coil
GUARD YOUR HOME’S EXTERIOR WITH PERFORMANCE G8

Choosing the best trim coil color for your exterior design is easy and convenient. Used by professional installers to custom-install beautiful trim components that complement your Alside vinyl siding and windows, Performance G8 delivers outstanding resistance to wear and ensures a durable, low-maintenance finish that will enhance the beauty of your home for years. Choose from 24 colors infused with rich hues for timeless beauty. And best of all, every color is formulated to match Alside vinyl siding products as part of our ColorConnect® color matching system.

UV PROTECTION

The damaging effects of prolonged exposure to the sun’s ultra-violet rays can cause irregular discoloration and even hinder performance. With the unique properties of the Performance G8 finish you get added UV protection as compared to PVC and other leading coil finishes, providing enhanced gloss retention and consistent appearance.

PHYSICAL PERFORMANCE

Performance G8 outperforms other coil finishes in most ASTM Physical Performance Standards. The result: Your custom trim components retain their quality finish while being formed and installed to last longer.

STAIN RESISTANT

Trees, dirt, oils, salt spray and pollution are just a few elements that can cause stains and damage your home’s exterior. But the stain inhibitors in Performance G8 protect your home from such harsh elements. And cleaning Performance G8 is easy too – plain water is usually adequate to remove dirt and debris. (See printed warranty for details.)

BRUSHED TEXTURE

When we started out to develop a better coating system we didn’t just want to improve its physical performance. We wanted to develop a better texture – with a low-gloss that would better complement the gloss and texture of both vinyl and painted wood.

MATCHING TRIM COIL for ALSIDE SIDING

- Glacier White
- Antique Parchment
- Natural Linen
- Platinum Grey

**ASTM G154-00. 800 hours of testing. Cycles are four hours of condensation/humidity and four hours of QUV (light source is a QUV4 bulb).

IMPECCABLE STYLE with EASY UPKEEP

Details that Make the Difference.

SEE THE DIFFERENCE!

Each surface was subjected to three tests, including the ASTM Nickel Marring Rub Test (see below). While both PVC and Poly coil easily mar, durable Performance G8 coil remains mar-free and unchanged!

These are unretouched photographs of actual aluminum coil. The coin test involves rubbing the flat edge of a nickel across the surface.

PVC COATED

POLY COATED

PERFORMANCE G8

BETTER UV PROTECTION • BETTER SCRATCH RESISTANCE • HARSH CLIMATE COATING • BRUSHED TEXTURE • STAIN INHIBITORS
EXTERIOR TRIM, ACCESSORIES AND ACCENTS
Rooflines, corners, windows and door frames – some elements deserve special treatment. Enhancing these areas can give your home a custom finished look while letting your individual style shine through. Our Trimworks® collection of decorative trim and accents, along with shakes, scallops and other ornamental panels, makes it easy to achieve a flawless finish. All options are fully color-coordinated with our vinyl siding products.

PEACE OF MIND
By choosing Alside Performance G8 Trim Coil, you have selected one of the best performing trim products available. And with your purchase of Performance G8 comes the added peace of mind of a Thirty-Year Limited Warranty. This non-prorated coverage guarantees Performance G8 as long as you own your home. See printed warranty for complete details.

DESIGN SHOWCASE
See the finished look before the work begins! Our Siding Design Showcase lets you create multiple exterior designs with just the click of a mouse. Simply select a house style and choose siding profiles, accents, soffit and trim, along with color options for doors, roofing, shutters and more.
