VINYL SIDING

Graceful Beaded Ridge Imparts Historical Appeal

Alside®

THE OLD-WORLD CHARM AND APPEAL OF BRIGHTON BEADED

expertly combines with the everyday ease of today's high-performance vinyl siding – giving your home a beautifully upscale exterior that's durable and protective.

A LEGACY OF EXCELLENCE AND INNOVATION

The first step in the creation, renovation and preservation of your home involves choosing the right products. In Brighton Beaded, you've opened the door to the Alside vinyl siding collection – a premier union of heritage and innovation merged with best-in-class materials and future-forward engineering. Over 70 years of industry excellence stands strong as our legacy of leadership and trust, where customer happiness always comes first.

AN ECO-FRIENDLY CHOICE

As a sustainable product with a long service life, vinyl siding is environmentally responsible in several ways. In addition to conserving wood and other natural resources often used for building materials, vinyl siding helps reduce the deposit of paint, stain and maintenance-related materials into the solid waste stream because it never needs to be painted.

HISTORIC PANEL DESIGN

From day it's installed on your home – and for years to come – you'll appreciate the artistic detail of Brighton Beaded siding. The gracefully sculpted beaded ridge and generous 6-1/2" exposure together convey a clear-stated preference for classic good looks. An extensive color collection featuring rich architectural hues further enhances the custom design possibilities of this premier home exterior.

CAREFREE UPKEEP

While you may be attracted to Brighton Beaded for its distinctive profile design, you'll be equally impressed with its easy-care upkeep.

Durable and dent-resistant, vinyl siding stands up strong to dings and abrasions and won't rot or warp from exposure to moisture. The high-performance color is formulated throughout the panel, so it won't chip, flake or peel and never needs to be painted. Simply rinse occasionally with a garden hose to help restore the like-new beauty.

A VALUE-ADDED INVESTMENT

When you consider the time and expense of repainting and maintaining your home, you'll see why Brighton Beaded is a smart investment. The beautiful appearance and easy maintenance of vinyl siding can heighten the curb appeal of your home as well as its resale value.

THE ART OF THE MIX

No need to settle for siding and trim that almost match. Whether it's a rich color that draws your eye to an interesting architectural detail, or neutral hues applied to a historic home, the Alside ColorConnect Color Matching System helps you successfully match the color of your siding with other Alside exterior products and accessories.
