

# SIMULATED DIVIDED LITES

*Masterfully crafted for upscale architectural appeal.*

## AUTHENTIC ARCHITECTURAL ELEGANCE FROM EVERY ANGLE

Simulated Divided Lite Windows deliver refined design through straight symmetrical borders that mimic traditional true divided lites. Recreating this handcrafted aesthetic—created through small, individual panes of glass separated by muntins and mounted in a frame—our Simulated Divided Lites provide the perfect measure of style and dimension for enhanced beauty.

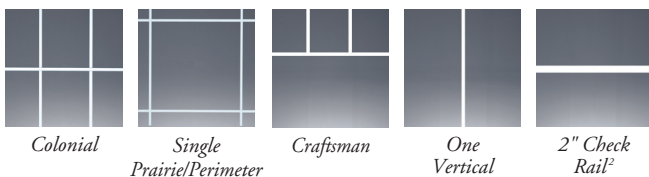

1-1/4" (above left) and 7/8" (above right) Simulated Divided Lite with mill finish shadow bar.

Simulated Divided Lites expertly combine this distinctive historical window design with the superior quality, energy efficiency and easy-care convenience of today's advanced technology.

- Grids are affixed to the interior and exterior of the windows, adding character and charm inside and out.
- Shadow bars placed between the panes feature a mill finish to further enhance the dimensional appearance of divided lites.<sup>1</sup>
- Available in the full collection of colors and woodgrain finishes.
- Choose from historic grid patterns in Colonial, Single Prairie, Single Perimeter, Craftsman, One Vertical and 2" Check Rail.<sup>2</sup>

## GRID PATTERNS

<sup>1</sup> Shadow bars are not included or available with triple pane glass packages.  
<sup>2</sup> Available on casement and picture windows only.  
<sup>3</sup> Extruded solid color.  
<sup>4</sup> White woodgrain is available with a beige or classic clay base only.
